## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 12, 14, 19, 20, 21, drawn to a papermaking chemical containing a (meth)acrylamide polymer, produced by polymerizing monomers (a), (b) and (c);

Group II, claim(s) 13, 15, 18, 22, 24, 26, 28, drawn to a papermaking chemical containing a (meth)acrylamide polymer, produced by polymerizing monomers (a), (b), (c) and a crosslinking agent (d);

Group III, claim(s) 16, 17, 23, 25, 27, drawn to a papermaking chemical containing a (meth)acrylamide polymer, produced by polymerizing monomers (a), (b), (c1), (c2) and a crosslinking agent (d).

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the special technical feature of Group I claims is the claimed papermaking chemical without a crosslinking agent and this feature is not present in Groups II and III. The special technical feature of Group II claims is the crosslinking agent and this feature is not present in Groups I. The special technical feature of Group III claims is the monomers c1 and c2, and this feature is not present in Groups I and II. Therefore unity of invention is lacking.

3. A telephone calls were made to Mrs. Patricia Olosky on October 19, 2005, October 31, 2005 and November 1, 2005, to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
